BENEFITS

- Maintenance free defrosting.
- Large interior capacity.
- Provides custom look. No additional clearance around sides, top, or rear for ventilation. **Do not obstruct front grille.**
- Provides upscale designer appearance.
- Easy to clean, contains spills, shelves may be positioned evenly throughout interior to utilize all space efficiently.
- Achieve a custom, built-in look by matching surrounding cabinets.
- Fits any location – easy access. Will not add to depth of cabinet when built-in.
- More precise undercounter fit – durable – installed at factory.
- Automatically illuminated with door opening.
- Three full shelves with clear bottle retainers.
- Ability to adjust temperature.
- Textured rich look, more resistant to scratching, peeling, or flaking.
- Easy to clean, durable, less apt to show wear.
- Upon order – right or left swing. Black and white models only.
- Stainless model features a brushed aluminum frame with a stainless door panel and hinges with black cabinet and grille.
- Black or white models: H 28-5/32" x W 22-15/16"
- Stainless model: H 29-13/32" x W 22-15/16"
- See www.u-line.com for detailed dimensions and installation.
- Qualifies for U.S. Government ENERGY STAR program.
